

# LEXINGHAM

Mobile accessories  
done right.

# Our vision

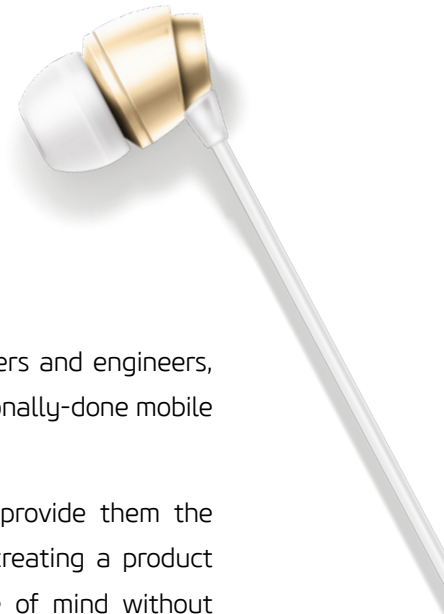

We're a passionate group of enthusiastic techies, travellers and engineers, who got together in London, to create a range of professionally-done mobile accessories.

We know what today's consumers need and want to provide them the best range and the right items. A whole lot goes into creating a product that combines form and functionality, to deliver peace of mind without compromising on quality or safety. We're making sure that everything we create is simple to use and intuitive enough to seamlessly fit into our customer's lifestyle, whether they're on a plane, at a café or at home.

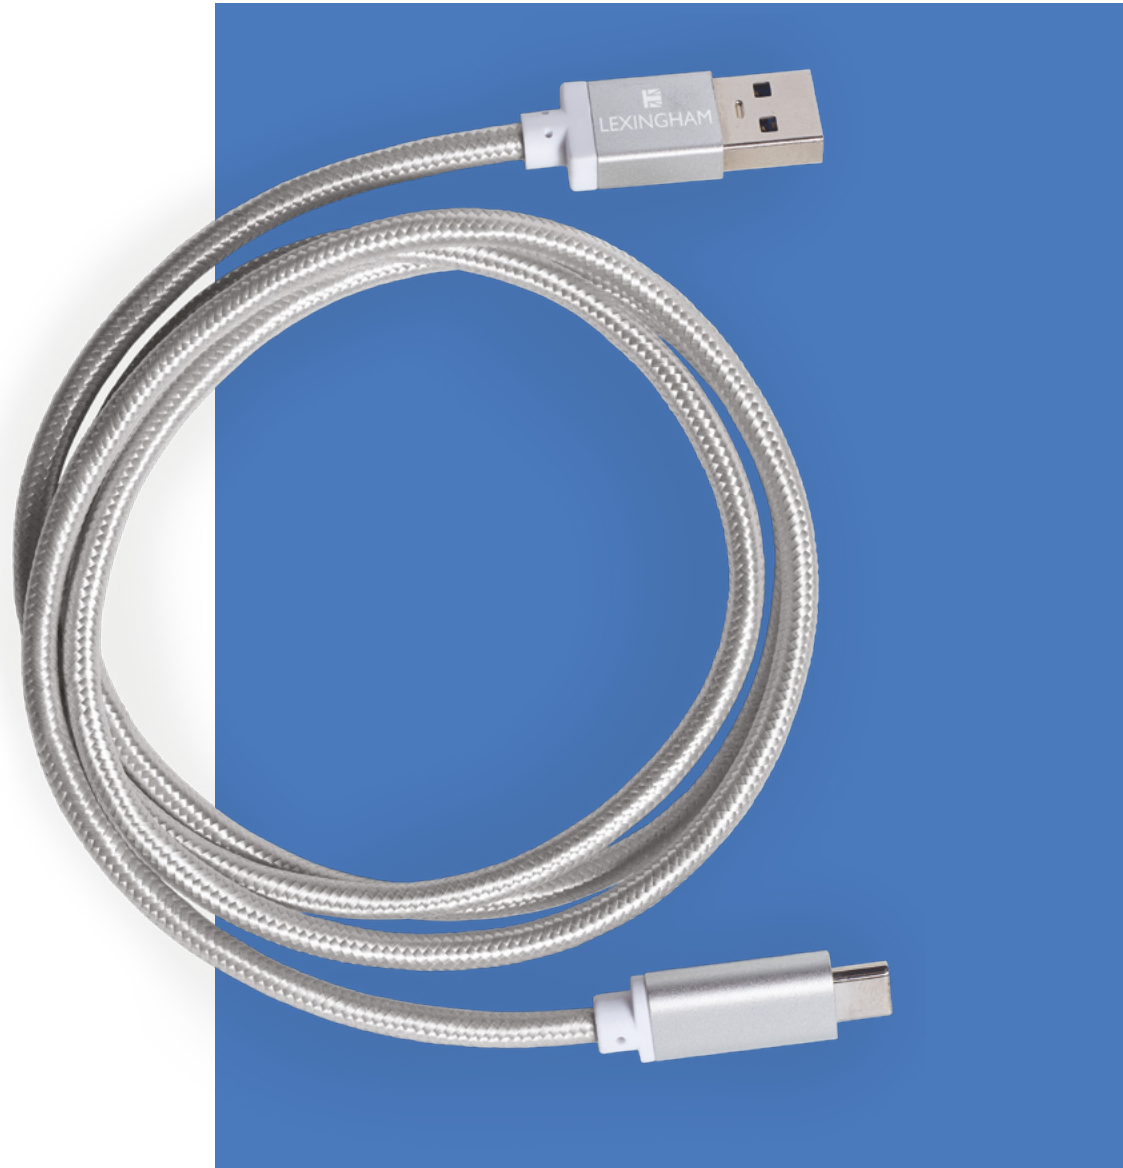

Our products are tested before and after launching them to the market, making sure that they are sustainable and at top quality. We choose our materials carefully, and consistently continue our search for better resources.

Our love for traveling, travellers and our high quality products is also part of our high level of service commitment. Our products have a 24-month global guarantee which ensure a peace of mind, and a 100% focus on the business – or pleasure – of traveling.

From the heart of London, and all across the world –  
**Enjoy your travels.**

# Link Charge & Sync

5810

## LINK – LIGHTNING TO USB-C

MFI Certified Original Lightning connector – for your iPhone

Fast charge your compatible Apple devices with this special cable

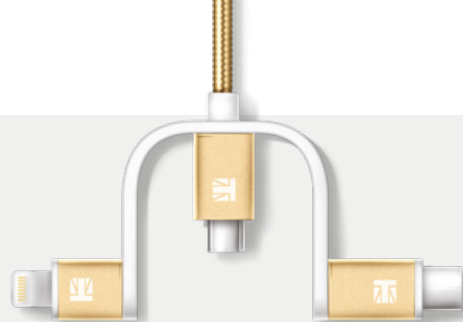

Charge and sync your Apple devices

Compatible with iPhone Xs, iPhone Xr, iPad Air, iPad Mini and many more!

### Specifications

Connections: MFI Certified Lightning plug to USB-C male

Length: 100cm

5780

## LINK PRO – 3-IN-1

Single Micro USB cable with USB-C and MFI Approved Lightning adaptors

The perfect solution to charge devices that use either a Lightning port, USB-C or Micro USB

Premium metallic casing and braided nylon cable for maximum strength and resilience

Safety strings to avoid losing adaptors

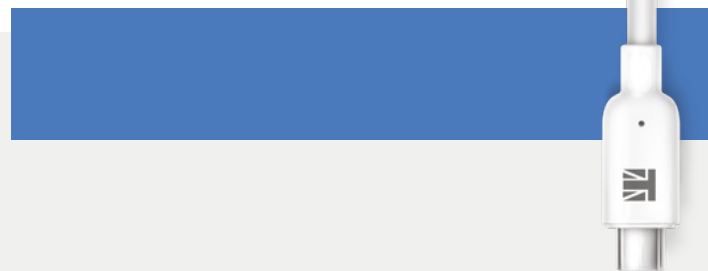

Suitable for most phones that use either a Micro USB, USB-C or Lightning port

### Specifications

Connections: USB-A male to Micro USB male/USB-C male/Lightning plug

Length: 100cm

Up to 480mbps data transfer speeds

5790

## LINK PRO – 2-IN-1

The perfect solution to charge devices that use either USB-C or Micro USB

Premium metallic casing and braided nylon cable for maximum strength and resilience

Safety string to avoid losing adaptor

Suitable for most phones that use either a Micro USB or USB-C port

### Specifications

Connections: USB-A male to Micro USB male/USB-C male

Length: 100cm

Up to 480mbps data transfer speeds

5800

## LINK – USB-C TO USB-C POWER DELIVERY

Charge quicker and transfer data with this USB-C to USB-C cable

Allows fast and easy charging and data syncing

Supports Power Delivery (PD) thanks to EMARK chip! Supports up to 100W charging speeds

Reversible USB-C connector – never plug your cable the wrong way

Supports most mobile phones and tablets with a USB-C port such as: Samsung, Huawei, Xiaomi, LG and more

### Specifications

Connections: USB-C male to USB-C male

Length: 100cm

Up to 480mbps data transfer

5740

## LINK PRO – LIGHTNING

MFI Certified Original Lightning connector – for your iPhone

Premium metallic casing and braided nylon cable for maximum strength and resilience

Charge and sync your Apple devices

Compatible with iPhone Xs, iPhone Xr, iPad Air, iPad Mini and many more!

### Specifications

Connections: USB-A male to MFI Certified Lightning plug

Length: 100cm

5750

## LINK PRO – MICRO USB

Charge & Sync cable for your Samsung, Huawei and other devices that use a Micro USB port

Premium metallic casing and braided nylon cable for maximum strength and resilience

Supports most mobile phones and tablets with a Micro USB port

### Specifications

Connections: USB-A male to Micro USB male

Length: 100cm

Up to 480Mbps data transfer speeds

2.1A charging output

5760

## LINK PRO – USB-C 3.0

USB-C 3.0 for quick charging and quick data transfer!

Premium metallic casing and braided nylon cable for maximum strength and resilience

Reversible USB-C connector – never plug your cable the wrong way

Supports most mobile phones and tablets with a USB-C port such as: Samsung, Huawei, Xiaomi, LG and more

### Specifications

Connections: USB-A male to USB-C male

Length: 100cm

Up to 5Gbps data transfer speeds

3A charging output

5770

## LINK PRO – USB-C ON-THE-GO 3.0

Connect computer peripherals like a flash drive, keyboard, hub or mouse with your USB-C device

Premium metallic casing and braided nylon cable for maximum strength and resilience

Reversible USB-C connector – never plug your cable the wrong way

Supports most mobile phones and tablets with a USB-C port such as:

Samsung, Huawei, Xiaomi, LG and more

### Specifications

Connections: USB-A female to USB-C male

Length: 25cm

Up to 5Gbps data transfer speeds

3A charging output

5700

## LINK – MICRO USB

Charge & Sync cable for your Samsung, Huawei and other devices that use a Micro USB port

Supports most mobile phones and tablets with a Micro USB port

Quality build cable for long term use

Transfer and sync files between your devices and a laptop or PC

Charge your device via a USB charger, laptop or PC

### Specifications

Connections: USB-A male to Micro USB male

Length: 100cm

5710

## LINK – LIGHTNING

MFI Certified Original Lightning connector – For your iPhone

Transfer and sync files between your device and a computer

Charge your devices safely with this MFI Certified cable.

Compatible with iPhone Xs, iPhone Xr, iPad Air, iPad Mini and many more!

### Specifications

Jacket: PVC ABS Shell

Connector: Nickel-plated

Connections: USB-A male to MFI Certified Lightning plug

Length: 100cm

5720

## LINK – USB-C 3.0

USB-C 3.0 for quick charging and quick data transfer!

Reversible USB-C connector – never plug your cable the wrong way

Supports most mobile phones and tablets with a USB-C port such as: Samsung, Huawei, Xiaomi, LG and more

### Specifications

Connections: USB-A male to USB-C male

Length: 100cm

Up to 5Gbp data transfer speeds

3A charging output

5730

## LINK – USB-C 2.0

USB-C 2.0 for charging and data transfer!

Reversible USB-C connector – never plug your cable the wrong way

Supports most mobile phones and tablets with a USB-C port such as: Samsung, Huawei, Xiaomi, LG and more

### Specifications

Connections: USB-A male to USB-C male

Length: 100cm

Up to 480mbp data transfer speeds

3A charging output

# Charge

5480

## CHARGE PRO – EUROPE QC3.0 + 2.4 Amp

Keep your Smartphone charged and ready with this powerful Dual USB wall charger

Perfect for charging devices compatible with Qualcomm Quick Charge 3.0 and Quick Charge 2.0 at maximum speed

Intelligent technology to optimize charging

Safely use across most of Europe and other countries that use the Europlug Type C plug

2 USB outputs: Qualcomm QC 3.0 and 2.4A

### Specifications

Input: AC 100-240V 50-60Hz

Output 1: DC 5V 2.4A

Output 2: QC3.0 DC 3.6-6V 3A, 6.2-9V 2A, 9.2-12V 1.5A

Total output: 30W

5510

## CHARGE PRO – CHINA/ USA PD(18W) + 2.4 Amp

Keep your Smartphone charged and ready with this powerful Dual USB wall charger  
Intelligent technology to optimize charging

Powerful USB PD 3.0!

Connect up to 2 devices at the same time

Safely use across USA/China/Japan and other countries that use the Type A plug

2 USB outputs: USB-C with PD(18W) + 2.4A

### Specifications

Input: AC 100-240V 50-60Hz

Output 1: DC 5V 2.4A

Output 2: Type-C PD DC 3.6-6V 3A, 6.2-9V 2A, 9.2-12V 1.5A

Total output: 30W

5430

## CHARGE – UK USB CHARGER

Keep your Smartphone charged with this Dual USB wall charger

Connect up to 2 devices at the same time

Safely use in the UK, Singapore, HK and other countries that use Type G plug

Fully Tested and approved

### Specifications

Input: AC 100-240V 50-60Hz

Output: DC 5V 2.1A

5470

## CHARGE – EUROPE 4.8 Amp

Keep your Smartphone charged and ready with this powerful Dual USB wall charger

Fast charge up to 2 devices at the same time

Safely use across most of Europe and other countries that use the Europlug Type C plug

### Specifications

Input: 100-240V AC 50-60Hz

Single port max output: 2.4A

Total USB output: 4.8A

5960

## CHARGE PRO – FAST WIRELESS

Easily and quickly charge your phone at maximum speed!

Innovative, lightweight and slim design, perfect for your home or office

Works with compatible smartphones

Micro USB cable included

### Specifications

Input: DC 5V 2A, 9V 2A

Output: DC 5V 1A, 9V 1.1A (10W)

Thickness: 0.5cm

5950

## CHARGE – WIRELESS

Easily and quickly charge your phone!

Innovative, lightweight and slim design, perfect for your home or office

Works with compatible smartphones

Micro USB cable included

### Specifications

Input: DC 5V 2A

Output: DC 5V 1A (5W)

5600

## CHARGE PRO – CAR PD(18W) + 2.4 Amp

Keep your Smartphone charged and ready with this powerful Dual USB car charger

Intelligent technology to optimize charging

Powerful USB PD 3.0!

2 USB outputs: USB-C with PD(18W) + 2.4A

Use safely while driving

### Specifications

Input: AC 100-240V 50-60Hz

Output 1: DC 5V 2.4A

Output 2: Type-C PD DC 3.6-6V 3A, 6.2-9V 2A, 9.2-12V 1.5A

Total USB output: 30W

5420

## CHARGE – CAR USB CHARGER

Keep your Smartphone charged with this Dual USB car charger

Connect up to 2 devices at the same time

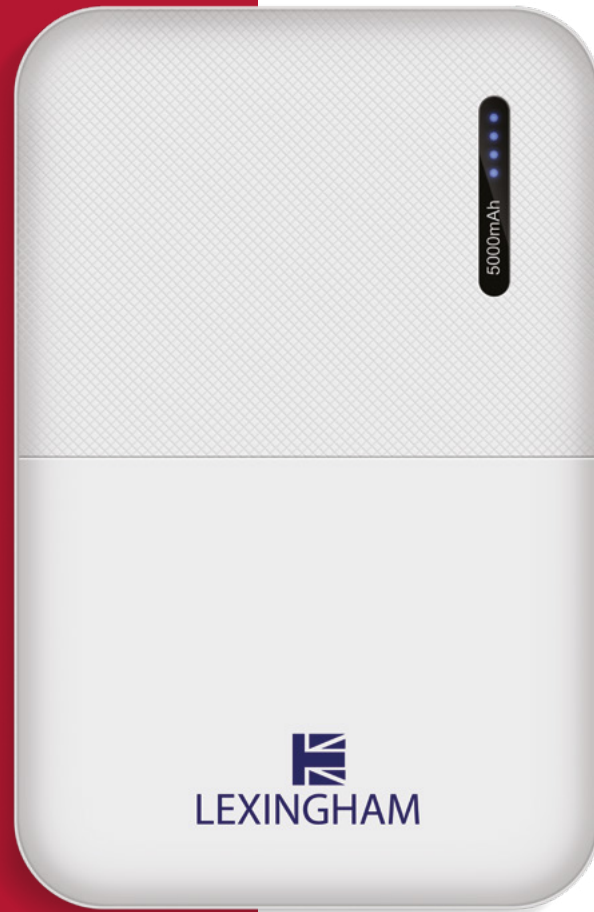

Use safely while driving

### Specifications

Input: AC 100-240V 50-60Hz

Output: DC 5V 2.4A

# Power

5900

## POWER – 2600 mAh

Power on the go!

High quality 2600mAh portable USB power bank

Compact design to easily carry it around with you

Micro USB cable included

### Specifications

Capacity: 2600mAh

Battery material: lithium ion

Input: 5V-1000mA

Output: 5V-1000mA

Number of Charge Cycles: minimum 500 charges

No of USB Ports: 1

Dimensions: 91x30x21mm

5910

## POWER – 5000 mAh

Power on the go!

High quality 5000mAh portable USB power bank

Charge up to 2 devices at the same time

Compact design to easily carry it around with you

Micro USB cable included

### Specifications

Capacity: 5000mAh

Battery material: lithium ion polymer

Input: 5V-2100mA

Output: 5V-2100mA

Number of Charge Cycles: minimum 500 charges

No of USB Ports: 2

Dimensions: 64x98x13mm

5920

## POWER - 10000 mAh

Power on the go!

High quality 10,000mAh portable USB power bank

Compact design to easily carry it around with you

Charge up to 2 devices at the same time

Micro USB cable included

### Specifications

Capacity: 10,000mAh

Battery material: Lithium ion polymer

Input: 5V-2100mA

Total USB output: 5V-2100mA

Number of Charge Cycles: minimum 500 charges

No of USB Ports: 2

Dimensions: 68.9x135.5x16.3mm

5930

## **POWER PRO – 10000 mAh W/ PD(18W) + QC3.0**

Quickly and easily charge your Smartphone on the go!

High quality 10,000mAh portable USB power bank

Perfect for charging devices compatible with Quick Charge 3.0 and Quick Charge 2.0 at maximum speed

Quickly charge up to 2 devices at the same time with 2 USB outputs: PD(18W) power delivery and QC3.0

Compact design to easily carry it around with you

Micro USB cable included

### **Specifications**

Capacity: 10,000mAh

Battery: Lithium ion polymer

Input: DC 5V 2.1A + USB-C

Output PD: DC 3.6-6V 3A, 6.2-9V 2A, 9.2-12V 1.5A

Output QC3.0: DC 3.6-6V 3A, 6.2-9V 2A, 9.2-12V 1.5A

Number of Charge Cycles: minimum 500 charges

No of USB Ports: 2

Total Output: 18W

Casing: Aluminium

Dimensions: 133.5x69.5x16mm

5940

## **POWER PRO – 8000 mAh WIRELESS**

Power on the go!

High quality 8,000mAh portable USB power bank

Compact design to easily carry it around with you

Charge your phone wirelessly! Works with compatible smartphones

Micro USB cable included

### **Specifications**

Capacity: 8,000mAh

Battery material: Lithium ion polymer

Input: DC 5V-2100mA + USB-C

USB Output: DC 5V-2100mA

Wireless output: 5W

Total output: 10W

Number of Charge Cycles: minimum 500 charges

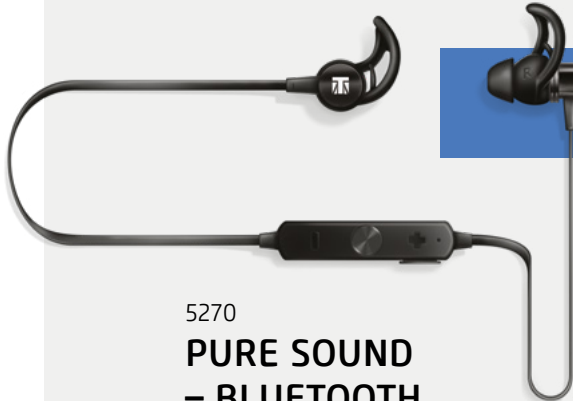

Dimensions: 69.5x133x16mm

# Sound

## 5270 PURE SOUND – BLUETOOTH

Bluetooth earphones so you can go wireless  
Perfect for listening to music and answering calls  
High power sound system with crystal clear sound  
Designed to softly fit in your ear for the most comfortable wear  
5-6 hrs approx. call time/music play  
Magnetic earplugs to attach together when not in use

### Specifications

Speaker Sensitivity: 102dB/-3dB  
Frequency Response: 20Hz-20KHz  
Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Maximum Input Power: 35mW  
Battery: 85mAh  
Bluetooth V4.2

## 5240 PRO SOUND – USB-C

Connects easily to your Smartphones!  
High power sound system with in-line microphone and remote control  
Designed to softly fit in your ear for the most comfortable wear  
Take and make calls without having to reach for your phone  
Powerful audio with crystal clear sound

### Specifications

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 108dB/-3dB  
Maximum Input Power: 10mW  
Cord Length: 1.2m/-10%  
Connector: USB-C

## 5241 PRO SOUND – USB-C

Connects easily to your Smartphones!  
High power sound system with in-line microphone and remote control  
Designed to softly fit in your ear for the most comfortable wear  
Take and make calls without having to reach for your phone  
Powerful audio with crystal clear sound

### Specifications

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 108dB/-3dB  
Maximum Input Power: 10mW  
Cord Length: 1.2m/-10%  
Connector: USB-C

## 5260 PRO SOUND – LIGHTNING

Premium earphones with MFI APPROVED LIGHTNING plug to connect to your Apple devices!  
High power sound system with in-line microphone and remote control  
Designed to softly fit in your ear for the most comfortable wear  
Take and make calls without having to reach for your phone  
Powerful audio with crystal clear sound

5230

## PRO SOUND

High power sound system and premium build earphones with in-line microphone and remote control

Designed to mould softly in your ear for the most comfortable use

Make and take calls with maximum comfort

Powerful audio with crystal-clear sound

Compatible with any device with 3.5mm audio jack

### Specifications

Speaker Diameter: 10mm

Speaker Impedance: 32ohm/-15%

Speaker Sensitivity: 108dB/-3dB

Maximum Input Power: 10mW

Cord Length: 1.2m/-10%

5231

## PRO SOUND

High power sound system and premium build earphones with in-line microphone and remote control

Designed to mould softly in your ear for the most comfortable use

Make and take calls with maximum comfort

Powerful audio with crystal-clear sound

Compatible with any device with 3.5mm audio jack

### Specifications

Speaker Diameter: 10mm

Speaker Impedance: 32ohm/-15%

Speaker Sensitivity: 108dB/-3dB

Maximum Input Power: 10mW

Cord Length: 1.2m/-10%

5220

## PURE SOUND – TANGLE FREE

Dynamic bass and high-resolution treble sounds

Soft in-ear silicone design for maximum comfort

No knots and tangles making life that little bit easier

Compatible with any device with 3.5mm audio jack

### Specifications

Speaker Diameter: 10mm

Speaker Impedance: 16ohm/-15%

Speaker Sensitivity: 102dB/-3dB

Maximum Input Power: 20mW

Cord Length: 1.2m/-10%

5221

## PURE SOUND – TANGLE FREE

Dynamic bass and high-resolution treble sounds

Soft in-ear silicone design for maximum comfort

No knots and tangles making life that little bit easier

Compatible with any device with 3.5mm audio jack

### Specifications

Speaker Diameter: 10mm

Speaker Impedance: 16ohm/-15%

Speaker Sensitivity: 102dB/-3dB

Maximum Input Power: 20mW

Cord Length: 1.2m/-10%

5200

## **PURE SOUND – VOLUME CONTROL**

High quality earphones with stereo volume controller  
Soft silicone in-ear design for maximum comfort  
Enjoy dynamic bass and treble  
Easily adjustable volume control  
Compatible with any device with 3.5mm audio jack

### **Specifications**

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 102dB/-3dB  
Maximum Input Power: 20mW  
Cord Length: 1.2m/-10%

5201

## **PURE SOUND – VOLUME CONTROL**

High quality earphones with stereo volume controller  
Soft silicone in-ear design for maximum comfort  
Enjoy dynamic bass and treble  
Easily adjustable volume control  
Compatible with any device with 3.5mm audio jack

### **Specifications**

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 102dB/-3dB  
Maximum Input Power: 20mW  
Cord Length: 1.2m/-10%

5210

## **PURE SOUND – RETRACTABLE**

Great sound and bass quality  
Soft in-ear silicone design for maximum comfort  
Retractable cable, tangle-free design and easy to find  
Lightweight and very compact  
Compatible with any device with 3.5mm audio jack

### **Specifications**

Simply pull both sides of the cable simultaneously.  
To recoil, pull both sides of the cable to the maximum length and quickly release

**Specifications**

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 102dB/-3dB  
Maximum Input Power: 20mW  
Cord Length: 75cm/-10%

5250

## **PRO SOUND – VOLUME CONTROL**

High power sound system and premium build earphones with in-line microphone and volume control  
Designed to softly fit in your ear for the most comfortable wear  
Take and make calls without having to reach for your phone  
Powerful audio with crystal clear sound  
Compatible with any device with 3.5mm audio jack

### **Specifications**

Speaker Diameter: 10mm  
Speaker Impedance: 16ohm/-15%  
Speaker Sensitivity: 102dB/-3dB  
Maximum Input Power: 20mW  
Cord Length: 1.2m/-10%

5320

### **PURE SOUND – LIGHTNING ADAPTOR**

Listen to high quality music using your own earphones with your Apple device

Connect your earphones to your Apple device via this MFI APPROVED LIGHTNING connector

5330

### **PURE SOUND – USB-C ADAPTOR**

Connect your own earphones to your USB-C Smartphone with this easy-to-use adaptor

Allows you to connect your earphones with 3.5mm audio Jack to your Smartphone via a USB-C port

5340

### **PURE SOUND – USB-C ADAPTOR AND CHARGE**

Connect your own earphones to your USB-C Smartphone with this easy-to-use adaptor

Charge your Smartphone while you listen to music

Allows you to connect your earphones with 3.5mm audio Jack to your Smartphone via a USB-C port

5311

### **PURE SOUND – SHARE**

Share music and movies with friends and family

Allows 2 sets of headphones to be plugged into one audio port

Compatible with all headphones with 3.5mm audio jack

# Connect

## 5014 CONNECT PRO – WORLDWIDE

Unique patented design, this travel adaptor covers over 150 countries!

Earthed worldwide adaptor for connecting your devices safely across the world

Comprises of three plug types all in one (EU, USA, AUS/CHINA)

An Essential part of your travel kit

### Specifications

AC Power Rating: 10A max 250V a.c.  
Max 1h/6h @ 10A / 2500W

Fuse: Built-in 10A replaceable fuse

Safety tested to BS 8546 & IEC 60884

## 5011 CONNECT – WORLDWIDE

Unique patented design, this travel adaptor covers over 150 countries!

Comprises of four plug types in one (UK,USA,EU,AUS/CHINA)

For non-earthed 2-pin plugs only (Class II appliances)

Child safe with built-in safety shutter

### Specifications

AC Power rating: 6A max 250V a.c.  
Max 1h/6h @ 6A / 1500W

Fuse: Built-in 6.5A replaceable fuse

## 5021 CONNECT – WORLDWIDE W/ DUAL USB

Unique patented design, this travel adaptor covers over 150 countries!

Allows to connect 3 devices at the same time

Four plug types in one (UK,USA,EU,AUS/CHINA)

For non-earthed 2-pin plugs only (Class II appliances)

Child safe with built-in safety shutter

An essential part of your travel kit

### Specifications

AC Power rating: 6A max 250V a.c.  
Max 1h/6h @ 6A / 1500W

Fuse: Built-in 6.5A replaceable fuse

Total USB output: 2.1A

## 5078 CONNECT – WORLD TO USA

Allows travellers from over 150 countries to safely use earthed and non-earthed appliances in USA, Mexico, Japan and other countries with Type B plug

Not for use with Schuko, India and South Africa plugs

Earthed for extra safety

### Specifications

AC Power Rating: 15A max 250V a.c.  
Max 1h/6h @ 15A / 3750W

Safety tested to IEC60884

## 5070 CONNECT – WORLD TO EU

Allows travellers from over 150 countries to safely use earthed and non-earthed appliances in most of Europe

Suitable for use in countries that use Type E & Type F plugs

Not suitable for use in the UK, Switzerland, Italy and Denmark

Not for use with India, South Africa and Schuko plugs

Earthed for extra safety

### Specifications

AC Power Rating: 15A max 250V a.c.  
Max 1h/6h @ 15A / 3750W

Safety tested to IEC60884

## 5072 CONNECT – WORLD TO UK

This travel adaptor allows most plug types to be used safely in the UK and other countries with Type G plug

Not for use with India, South Africa and Schuko plugs

Earthed for extra safety

### Specifications

AC Power Rating: 13A max 250V a.c.  
Max 1h/6h @ 13A / 3250W  
Fused 13A

Safety tested to BS 8546 & IEC 60884

## 5040 CONNECT – FRANCE TO UK

Allows travellers from France, Belgium and other countries with Type E plug and Europlug Type C to safely use earthed and non-earthed appliances in the UK, Singapore, Hong Kong and other countries with Type G plug

Earthed for extra safety

### Specifications

AC Power rating: 13A max 250V a.c.  
Max 1h/6h @ 13A / 3250W

Fused 13A

Safety tested to BS 8546 & IEC 60884

## 5041 CONNECT – FRANCE TO USA

Allows travellers from France, Belgium and other countries with Type E plug and Europlug Type C to safely use earthed and non-earthed appliances in North and Central America, Japan and other countries with Type B plug

Earthed for extra safety

### Specification

AC Power rating: 15A max 250V a.c.  
Max 1h/6h @ 15A / 3750W

Safety tested to IEC60884

## 5051 CONNECT – EU TO USA

Allows travellers from Europe and other countries with Type F plug and Europlug Type C to safely use earthed and non-earthed appliances in North and Central America, Japan and other countries with Type B plug

Earthed for extra safety

### Specifications

AC Power Rating: 15A max 250V a.c.  
Max 1h/6h @ 15A / 3750W

Safety tested to IEC60884

## 5053 CONNECT – EU TO SOUTH AFRICA

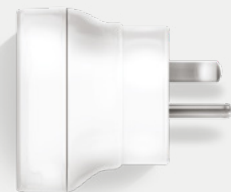

Allows travellers from Europe and other countries with Type F plug and Europlug Type C to safely use earthed and non-earthed appliances in South Africa, Swaziland and other countries with Type M plug

Earthed for extra safety

### Specifications

AC Power Rating: 16A max 250V a.c.  
Max 1h/6h @ 16A / 3840W

Safety tested to IEC60884

## 5506 CONNECT – EU TO UK

Allows travellers from Europe and other Type F plug and Europlug Type C to safely use earthed and non-earthed appliances in the UK, Singapore, Hong Kong and other countries with Type G plug

Earthed for extra safety

### Specifications

AC Power Rating: 13A max 250V a.c.  
Max 1h/6h @ 13A / 3250W

Safety tested to BS 8546 & IEC 60884

## 5001 CONNECT – UK TO EU

Travel adaptor accepts UK-type plugs and can be used in most of Europe

Suitable for use in all countries that use the Type E & Type F plug

Not suitable for use in the UK, Switzerland, Italy and Denmark

Earthed for extra safety

### Specifications

AC Power rating: 13A max 250V a.c.  
Max 1h/6h @ 13A / 3250W

Safety tested to British Standard 8546

## 5002 CONNECT – UK TO USA

Accepts UK-type plugs and can be used in the USA, Japan, mainland China and other countries with Type A plug

### Specifications

AC Power rating: 13A max 250V a.c.  
Max 1h/6h @ 13A / 3250W

Safety tested to British Standard 8546
